

Love your senses

PASSION SPAS

Passion Spas is at the forefront of world-class spa development and production. For nearly thirty years, Passion Spas has been engineering and manufacturing spas known for exceptional innovation and superior design. Passion Spas has manufacturing and distribution centers all over the world.

We know that you expect quality and performance in your spa, and our experience tells us that you desire a spa that is reliable, easy to maintain, and inexpensive to operate. After all, you want your spa to enhance your lifestyle.

Passion Spas is focused on creating a spa experience that delights all of your senses: the touch of therapeutic massage, the aroma of scented oils, the taste of mist from the steaming water, the sight of beautiful and flowing lines of design, and the sound of rippling water. A Passion Spa is designed to enhance your life through an innovative and totally relaxing spa experience.

Love your senses.

PASSION SPAS PHYSICAL THERAPY

Passion Spas offers the most innovative spa massage features ever developed

Each Passion Spa has a variety of massage features that will create the ultimate in hydrotherapy relief for you. Through years of experience and close cooperation with physiotherapists, we have designed a variety of massage experiences that are unique to Passion Spas.

Soft Tissue Massage™

All massages at Passion Spas are focused on your muscles and other soft tissue. This is important because Passion Spas aims to provide a truly invigorating therapy just like you would experience with a masseur. With the single difference that this masseur is available 24/7 and continues as long as you wish.

Lumbar Support™

In the human body, there is always a cavity in the lower back, which is called the Lumbar Zone. Passion Spas and its design team have collaborated with professionals from the recliner industry to perfect the shape in the shell, developing a support for the Lumbar zone. This allows you to sit relaxed and experience your spa revitalized.

Aqua Rolling Massage™

Our exclusive Aqua Rolling Massage™ pushes water up the back of the seat through specially designed recesses in the spa shell. The resulting agitation of the water creates a vigorous massage that works the muscles throughout your back.

Intense Therapy Zone™

The Intense Therapy Zone™ provides a concentrated, penetrating massage to the lower regions of your back. The intensity of the pressure can be adjusted. Only Passion Spas offers a therapy system for your lower back muscles that allows you to isolate specific areas with the intensity of massage you desire.

Levitation Bed™

The Levitation bed™ is the most innovative spa massage feature available. Experiencing this massage will give you a floating sensation because your body is completely enveloped in a soothing massage that can be adjusted for intensity and effect. You can lie either face down or face up, giving you a full head to toe massage that is simply amazing. The Levitation Bed™ is the only one of its kind and offered exclusively by Passion Spas.

Freestyle Massage

With Freestyle Massage you can manually determine at which area of your body you want to receive your therapeutic massage. The rotating jet stimulates your muscles by rubbing with vibrating warm water even above the waterline. This way you can flexibly guide your massage to your shoulder, hip, knee or ankle or any place you need warm water massage.

Neck Relief Massage™

The Neck Relief Massage™ is a new therapy specially created by Passion Spas which focuses on loosening your neck muscles by massaging from top to bottom your neck. Your muscles are rubbed by the warm water therapy. This massage technique will improve blood circulation, makes you feel positive and give an energy boost.

Waterfall Massage™

Imagine a continuous stream of cascading, warm water falling gently on your neck and shoulders. This is the sensation you experience when enjoying the delightful effects of our innovative Waterfall Massage™. When finished, you will exit the spa with your upper back and neck feeling totally and completely relaxed.

Therapy Wave Zone™

The Therapy Wave Zone™ is a massage that starts at the lower back, and slowly works its way up from your lower back to your shoulders and neck. The sensation mimics a cushioned rolling pin running up and down your back, soothing your muscles as it works its way from your lower back to neck.

PASSION SPAS PLANET FRIENDLY

Award winning Hybrid Heating™ technology for exceptional energy efficiency.

While you are enjoying your Passion Spa, you are being a good steward of both your budget and the environment. Passion Spas are designed to reduce energy consumption through a variety of innovative features. Hybrid Heating™ technology supplements the heat produced by the electric heater. Specially designed massage pumps agitate the water molecules through friction, which generates heat, thereby easing energy consumption by the heater. Our programmable controls allow you to set the times when your spa will turn on and off, and the low-wattage filtration pump uses only a small amount of electricity to keep your water sparkling clean. Triple layer insulation, extra thick walk-on safety cover and Everlast™ floor support shroud your Passion Spa with one of the most effective heat containment designs available.

PASSION SPAS ALL-WEATHER HEAT PUMP

Passion Spas are among the most energy-efficient spas in the world.

To enhance this, the optional All-Weather heat pump is compatible with every Passion Spa.

A normal heat pump is designed to extract heat from the air in the summer. The unique Passion Spas All-Weather heat pump is specially designed to extract heat from the air all year round, in both summer and winter. It even works down to -20 degrees Celsius. This saves you enormously on the required power. And in the summer you can also use this device to cool your spa water. You can continue to set your desired temperature via the normal topside display, making your spa easy to control. The Heat pump is exactly the same color as the dark gray Passion Spas cabinet and can be used as a step as an added advantage.

All in all, the Passion Spas All-Weather heat pump is the addition that you need to choose, that will ensure that your spa will be extra energy efficient, so that you are a good steward of your budget and the environment.

PASSION SPAS PERFECT WATER

Amazingly clear water due to our synergy water purification system.

Passion Spas are equipped with a multi-faceted water purification system that helps keep your water crystal clear and reduces the need for additional water sanitation and maintenance. The sole purpose of our dedicated filtration pump is to draw water through the spa filter, insuring that your spa water is constantly being filtered regardless of whether the massage pumps are operating. The water is sanitized by means of our highly effective Ozone System and, in our Signature and Exclusive Collections, further purified with our UV sanitation system. The combination of 100% filtration, ozone sanitation and UV purification creates our Synergy Water Maintenance System that creates the ultimate in clear water.

PASSION SPAS PROFESSIONAL DESIGN

Breathtaking spa designs with exceptional seating comfort

At Passion Spas, designing great spas is our specialty and our passion. We go to great lengths to ensure that every detail of the spa contributes to your comfort and creates the ultimate relaxation experience.

The pleasing lines of the spa shell are both attractive and functional, providing strategic locations for lighting, jets, and features. Controls are within easy reach, seat contours and depths provide maximum comfort, and there are a variety of seating options in each spa for your enjoyment. Beautiful waterfalls, LED lighting, and aromatherapy are only some of the features we include to enhance your spa experience. Your Passion Spa is a work of art designed to deliver functional beauty to your home or backyard.

Passion Spas Skimmer Bar

When you wish to enjoy some snacks or a cool beverage while relaxing in the spa, Passion Spas offers a clever solution with its

integrated Skimmer Bar. The Skimmer Bar can be mounted on all spas in the Signature* and Exclusive Collections. It keeps refreshments dry and within reach while providing a stylish design that integrates beautifully with the contours of the spa. The Skimmer Bar has six cup holders and a larger center holder for an ice bucket or your favorite bowl of snacks. *Except Bliss spa

Family Entertainment Station

Many Passion Spas owners feel the desire to be able to watch video while they are enjoying their spa. This is why Passion Spas is excited to introduce

the new Family Entertainment Station, which can be adjusted to fit any iPad or Android tablet. The station is mounted on the Passion Spas Skimmer Bar, making a safe and stable stand. Your tablet can be connected to the Bluetooth in your spa, giving you a high quality surround audio while viewing your favorite movie or TV show. Your family will enjoy the ability to see a video in your spa together.

PASSION SPAS PRECISION ENGINEERING

Design and construction that make Passion Spas the best in structural integrity.

Passion Spas are designed to perform and built to last. Quality components and precise manufacturing combine to create one of the most fully featured and innovative spas available. Our acrylic shell is reinforced with vinyl-ester resin laminates that are applied by hand. The shell is supported by a durable synthetic support structure that will ensure that you can enjoy your spa for years to come. The entire base of the spa is enclosed with our Everlast synthetic floor support, providing integral seat supports and structural integrity. Passion Spas deliver superior design, quality components, and experienced craftsmanship in a spa that will provide you and your family with years of enjoyment.

Durable Synthetic Support Structure

Everlast™ Synthetic Floor Support

PASSION SPAS PROTECTION FOR YOU

Product support for today, tomorrow, and as long as you own your Passion Spa

At Passion Spas, we build great spas and value long-term relationships. We want you happy with your spa today, tomorrow and in the future. Our experience in the spa business allows us to design and build great spas, using only the best components, and backing our spas with exceptional support to our dealers. To that end we select dealers who share our commitment to customer relationships. We then work with our dealers to provide the support they need before and after the sale. Enjoy your Passion Spa knowing that we will be here with the expertise, experience and dedication needed to support you in the years to come.

RENEW

PURE *Collection*

The Renew is the ideal spa for small spaces. This 3-person spa provides maximum comfort and performance in a small spa. You can sit or recline in seats ergonomically designed for maximum comfort. Passion Spas incorporate high-performance massage jets that can be adjusted to create your own personal massage experience. Every jet performs a specific hydrotherapy function for maximum relaxation and therapeutic benefit.

REFRESH

PURE Collection

One of the corner bucket seats in the Refresh Spa has been upgraded with rotational jets. The rotational jets enhance the hydrotherapy experience, massaging key muscles in the back and stimulating the surrounding tissue. The other corner seat has been updated with an adjustable vibrating massage jet, providing an alternative type of massage therapy. Passion Spas has collaborated with professionals from the recliner industry to create the ultimate in lumbar support and comfort, which has led to an enhancement in the lounge seat. Small AquaRolling jets have been installed in the leg contours of the loungers, creating a massage that stimulates circulation in the direction of the heart. Of course, the many standard features you have come to appreciate in the Refresh Spa remain. These include Hybrid Heating™, Energy Efficient Filtration Pump, Easyclean Shield, Ozone Sanitation, Aromatherapy, and much more.

- Dimensions: 204 x 204 x 85 cm

RELAX

PURE *Collection*

With three bucket seats and two full-size loungers, the Relax Spa is an optimal choice for spending time with family and friends. The loungers have been designed to provide additional lumbar support. Also the loungers have different heights to accommodate individuals of various lengths, making it comfortable for everyone to use. Passion Spas worked with professionals from the recliner industry to create this unique design. Additionally, adjustable jets allow you to control the intensity of your hydrotherapy experience, and the unit also features an Ozone Sanitation System for exceptional water quality. As a whole, the Relax Spa is cost-effective, energy-effective, high-performance investment in healthful relaxation.

REWIND

PURE Collection

The Rewind is a barrier-free spa that has recently joined the Pure Collection. Many of our customers have asked for a spa that has full seating and freedom of movement. We presented this challenge to our awesome design department and the Rewind is what they delivered. As you can see, it is "mission accomplished," as the Rewind is very spacious, with 85 cm height, yet retains all of the massage and therapy functions that are inherent in a Passion Spa! In addition to a nice variety of 56 high-performance massage jets, the Rewind includes Hybrid Heating™, Led Lights, Easyclean Shield, Energy Efficient Filtration Pump, Ozone Generation, Aromatherapy, Soft Air Massage System, Walk-on Cover and soft head rests... everything the Pure Collection is known for!

- Dimensions: 204 x 204 x 85 cm

PLEASURE | SIGNATURE Collection

The Pleasure Spa is constructed to last a lifetime and was designed with exceptional attention to detail. Improved reclining capabilities, extra lumbar support, and updated massage functions all combine to make this fully-featured model the ultimate choice for personal therapy. Our innovative Aqua Rolling Massage™ is a great example. When on full power, it generates an intense massage stream that works its way up from the lower back all the way up to the base of the neck. The intensity of this massage feature is adjustable. Standard features include soft air massage, StarBrite LED lighting, and an Aromatherapy System, and all Signature Series Spas come with an MP3 system complete with integral speakers mounted in the spa shell. It isn't surprising that the Pleasure Spa has earned the distinction of being one of our most popular models.

EXHILARATE MIGHTY WAVE

EXCLUSIVE *Collection*

The Exhilarate spa is a new addition to Passion Spas' exciting Exclusive Collection. This spa excels in the variety of massage therapies, all of which are designed on the drawing board of Passion Spas design team and are unique. The AquaRolling Massage™ generates a powerful stream that massages from your lower back to the base of the neck, the Wave Therapy Zone™ offers an undulating massage that goes layer by layer from the bottom up, the Intense Therapy Zone™ offers a powerful massage by activating 6 specially selected jets, which combine high insensitivity with rotation, and the Waterfall Massage makes the water splash on your shoulders just like the chopping massage with your favorite masseur. All in all, this spa provides therapy available 24 hours a day, while you decide how long you want to enjoy. Furthermore, the Exhilarate spa is equipped with the energy-efficient Hybrid Heating™, EasyClean Shield™, and all the unique features that the Exclusive Collection is known for. The beautiful LED lighting in the shell, the controls and the headrests ensure that you will spend many magical evenings in this spa.

EUPHORIA MIGHTY WAVE

EXCLUSIVE *Collection*

The Euphoria Spa combines the most innovative spa massage ever developed with a 4-person configuration that provides multiple types of invigorating massage. The Levitation Bed™ was developed by Passion Spas and allows the user to lie face down or face up on the massage bed for a head-to-toe massage on both the front and back of the body. The Euphoria also features a comfortable lounge and bucket seats, creating a plethora of seating and massage experiences, like Aqua Rolling Massage™, Therapy Wave Zone™, Intense Therapy Zone™ and Waterfall Massage™. The 100+ jets allow you to target any part of your body with an invigorating massage, and jet pressure can be controlled throughout the spa. The Euphoria includes our exclusive Synergy Water Maintenance System as well as the full line-up of standard features offered in our Signature Spa Collection.

ECSTATIC MIGHTY WAVE

EXCLUSIVE *Collection*

The Ecstatic is a seven-person oasis that incorporates all standard features from the Exclusive Collection, and then some. It has five seats, one lounger, and one Levitation Bed. The Levitation Bed is the most innovative spa feature available on the market today, allowing you to lay face up or face down for the most relaxing whole-body massage imaginable. The Ecstatic also now boasts our Therapy Wave Zone, a massage feature that uses jets to work the muscles in the back, as well as a Waterfall Massage that concentrates on the neck. Additional features include an audio system, our Aqua Rolling Massage™, aromatherapy, Synergy Water Maintenance System, and over 150 therapeutic massage jets. In short, this model is packed with many cutting-edge features designed to provide the most relaxing, renewing hydrotherapy experience imaginable.

- Dry Weight: 500 KG

Full specification page 54

The Passion Spas design team is constantly working on innovations and developments. In all our Swimspas are many unique features that improve the swimming experience and aim to make your dream of being able to swim in your own garden come true.

The following two features have been developed and integrated into all Passion Swim Spas.

River Swim System

The River Swim System exists of 5 large swim jets, positioned linear to each other, creating a steady flow of water over the entire width of the swim spa. You can control the intensity of the water stream, and when doing so, the flow is equally divided over the whole width of the current. Because of this unique technique, the water stream covers a wide area and is effectively positioned below the water surface, enabling you to swim with your head comfortably above water.

Current-Lift Technology™

Passion Spas is the only Swim Spa manufacturer in the world to offer Current-Lift Technology™, enabling the swimmer to remain prone on the water surface at any degree of current intensity. Our innovative Current-Lift technology™ was developed by Passion Spas and automatically adjusts the water current to the intensity of your workout. As you decrease the force of the upper two swim jets, the lower swim jets automatically increase in intensity, creating more “lift,” providing more buoyancy as your swimming speed decreases. The faster you swim, the less lift if needed from the lower jets and the flow is directed to the upper jets for a stronger current.

ACTIVITY 1 / ACTIVITY 1 DEEP

SPORT Collection

The Activity 1 Swim Spa is a compact swim spa that combines 3 massage seats with the River Swim System, allowing for a vigorous swim while keeping your head comfortably above the water level. The force and flow of the stream can be used in combination with our unique Current-Lift technology™ (page 40), enabling you to also remain prone in the water even while swimming at a slower pace. The three massage seats are designed for different body lengths and incorporate specially designed massage techniques including our exclusive Passion Spas Aqua Rolling Massage™, one of our most popular and effective massage features.

- Dimensions Standard: 394 x 226 x 126 cm

spas | sport collection

ACTIVITY 2 / ACTIVITY 2 DEEP

SPORT *Collection*

The new Activity 2 Swim Spa is a longer version of our current model Activity 1. It has been added to our Passion Swim Spas collection because all swimmers who have tested our River Swim System in Activity 1 are thrilled. The River Swim System (page 40) provides a continuous stream of water across the width of the pool, giving the swimmer a strong current to swim against. At the same time, the water surface is unbroken and remains calm, so you can keep your head dry without any problems. For all swimmers, the Activity 2 Swim Spa makes the dream of swimming and training efficiently in your own garden come true.

*optional

The Balance Swim Spa was created through a collaboration between Passion Spas design team and renowned architects who specialize in modern compositions. Straight lines and right angles, together with the LED lighting, emphasize the ultimate cubical image. At the same time, comfort has also been thought of. Lumbar support is used in the warm spa area. Even though it is not visible, the tub has extra support in the lumbar area of your back, so that you can sit relaxed and feel rejuvenated after the therapy. The River Swim System has been applied in the cool swimming area. This system provides a widely even flow of water, making it ideal for vigorous swimming. If you reduce the force on this swimming system, the two Current-Lift jets will automatically switch on, which will balance your swimming position so that you can swim comfortably. A feast for the eyes, this Balance Swim Spa delivers a performance that you and your family will enjoy for years to come.

- Dimensions: 600 x 228 x 138 cm

AUTOLOCK™ *Cover*

PASSION SPAS AUTOLOCK™ COVER

Passion Spas is the pioneer in the development and design of swim spas. All the unique features such as River Swim System™, Current-Lift Technology™ come from the Passion Spas design team, and now added the new automatic AutoLock™ Insulation cover for the Balance Swim Spa.

The AutoLock™ cover is safe, reliable, and easy to use. The sleek appearance of the cover contributes to the clean and cubical layout of the Balance Swim Spa. You can open or close your cover with the push of a button, while enjoying watching the beautiful Swim Spa to reveal itself.

The AutoLock™ cover completely seals your swim spa and offers with this an incredible peace of mind to you, because you are sure that your loved ones are safe. The insulated blanket also ensures that the heat stays inside your spa, so that all energy is used optimally.

The Swim Spas from the Passion Spas Fitness Collection are specially developed by the Passion Spas design team to offer Aquagym options. They provide a variety of fun and healthy activities for your workout, all in the comfort of your own home.

Swim-Assist Tether System

Besides swimming against the unique River Swim System with use of the Current-Lift Technology (page 40), you can use the Swim-Assist Tether training system to add dimension to your range of the swimming options. The Swim-Assist Tether training system will keep you centered in the Swim Spa, allowing you to swim or walk at any speed with minimal friction on joints. This will increase the rate at which you burn calories and strengthen your muscles. The Swimming Tether System is standard included at all swimspas from the Fitness Collection.

Resistant cords

Resistant cords are used for curls, tricep extensions, chest presses, shoulder pulls, and back pulls. These upper-body exercises are specifically designed to build strength and lumbar core stability. The cords can vary in

size to accommodate beginners to advanced conditioning. The Resistance cords are also standard included at swimspas from the Fitness Collection.

Rowing Exercise

All swimspas from the Fitness Collection have a Aquagym Seat in their design. Use this seat when you will do your workout on the Aqua Rowing Machine. A combination of stainless steel oars and rubber bands attach to swivel anchors allowing you to do the full rowing motion. This is an excellent upper-body and abdominal workout. The Aqua Rowing Machine is also standard included at all Swim Spas from the Fitness Collection.

SPiRiT / SPiRiT DEEP | FITNESS Collection

The Spirit Swim Spa combines our innovative Current Lift Technology™ with a generous lineup of unique massage therapy options: the Aqua Rolling Massage™, the Intense Therapy Zone™, the Therapy Wave Zone™ and the Waterfall Massage™. The Spirit is divided into separate swim and spa sections, and you can vary the temperature between the two. This configuration allows you to enjoy a cool, comfortable workout followed by a warm, soothing soak. The Spirit's Dual Zone heating system gives you the best of both worlds – swimming and relaxing – in a single swim spa. Passion Spas is the only Swim Spa manufacturer in the world to offer Current-Lift Technology™ (page 40), enabling the swimmer to remain prone on the water surface at any degree of current intensity.

ENERGY / ENERGY DEEP

FITNESS *Collection*

The Energy Swim Spa, fully featured with a long swim lane and over 100 jets, is an impressive authority in the Passion Spas Fitness Collection. In addition to our Current Lift Technology™ (page 40), which is an invention of Passion Spas to keep the swimmer prone on the water surface, there is Aqua Rolling Massage™, Intense Therapy Zone™, Therapy Wave Zone™ and Waterfall Massage™, The Energy also includes our innovative Levitation Bed, a top-to-toe full-body massage feature that creates a deeply relaxing floating sensation. Furthermore, with two seats and one lounger, there's plenty of room to share. The Energy is also divided into a swim and spa section with Dual Zone Temperature. This allows you to stay cool during your workout and then sooth your tired muscles in the hot water of the spa.

VITALITY / VITALITY DEEP

FITNESS Collection

The long swim lane of the Swim Spa Vitality is equipped with Passion Spas' unique River Swim System™ and Current-lift Technology™, both of which function exactly as it is described on page 40. The spa is equipped with deep and wide bucket seats, with each seat being packed with a different therapy function. Aqua Rolling Massage™, Therapy Wave Zone, Intense Therapy Zone & Waterfall Massage are all included in this impressive array of therapy zones. These varied massages are propriety to Passion Spas and deliver a varied mix of unique massage therapies. The Swim Spa Vitality also comes with a Swim Assist Tether and a specially designed Fitness Seat to use the rowing gear and the fitness handles. Because of the Dual Zone Temperature you can conduct your fitness training at a cool temperature, and then enjoy the massage functions at a hot soothing temperature.
